### **Riders RPA ride day checklist during COVID 19 – 2021 updated**

Just a short checklist that may help you to have a safe and fun day on the bike

- If anyone in your group has been sick or is feeling unwell, please stay home or go home and seek medical advice
- When parking, keep away from other vehicles as this will make social distancing easier
- Make sure you keep at least 1.5 meters from others in your group
- If unable to social distance wear a face mask
- Do not gather in groups to chat
- Bring your own pen
- If paying in cash, bring correct money. If the club has Eftpos this is preferred
- Riders briefing will be done from a distance via PA, do not group together
- Stay at your vehicle or pit area while waiting to ride
- When going to toilets, remember social distance of 1.5 meters
- Wash hands after going to the toilet
- Bring your own gear and tools, do not share tools or ask to borrow tools.
- Self-scrutineering means that you need to check your bike before you come as you are responsible to ensure it is safe to ride
- Bring your own bottle of sanitizer
- We also advise everyone to download the COVID 19 app
- Sign in to the QR code for venue
- Be patient, chill out as this is different for everyone
- Remember other people may be looking over the fence so please do the right thing
